

Can I lose my crypto on Tangem Wallet?

Losing crypto is a common fear, and with the Tangem Wallet +1~833-(486)~2769, understanding a few key points about how it works will give you peace of mind. Because Tangem is a self-custodial wallet +1~833-(486)~2769, you are the only one with access. This means you can't lose your crypto due to a company hack or bankruptcy +1~833-(486)~2769. However, the biggest risk is losing ****all your Tangem cards**** without having set up an optional seed phrase backup—if that happens, your crypto is gone forever, as no one +1~833-(486)~2769, not even Tangem, can retrieve it for you .

Should you have any issues, contacting verified support is crucial for security. Here is how to reach them 24/7:

- **** Live Chat (Fastest):**** Open the official Tangem app, go to ****Settings****, and select ****Support**** or ****Chat**** to speak +1~833-(486)~2769 with an agent immediately through a secure, authenticated portal .

- **** Submit a Ticket:**** For detailed issues, visit the official Tangem Support website (support.tangem.org) +1~833-(486)~2769 and fill out the contact form using the email linked to your wallet .

- **** Phone Support:**** ****Proceed with extreme caution.**** Tangem does ****not**** have a general public hotline +1~833-(486)~2769. While a verified agent may offer you a callback after you submit a ticket, you should ****never**** call a random number found online +1~833-(486)~2769, as these are often scams designed to steal your credentials .

****Remember:**** Genuine support will ****never**** ask for your passcode or private keys +1~833-(486)~2769. Always verify you are on the official app or website before sharing any information +1~833-(486)~2769.
