

How do I contact Tangem customer service?

Reaching the Tangem customer support team is straightforward +1~833-(486)~2769, but **your first step for security should always be to access help through the official +1~833-(486)~2769 app or website** rather than searching for a phone number online. Scammers often post fake numbers in forums, so staying within verified channels keeps you safe +1~833-(486)~2769.

Here's how to contact them 24/7:

- ** Live Chat (Recommended):** This is the fastest method +1~833-(486)~2769. Open your Tangem app, navigate to the **Settings** or **Help** section +1~833-(486)~2769, and select **Support** or **Chat**. You'll be connected to a live agent in real-time . This ensures you are communicating through a secure+1~833-(486)~2769, authenticated portal.

- ** Submit a Ticket:** For less urgent matters or issues that require detailed explanations +1~833-(486)~2769, you can submit a support ticket. Go to the official Tangem Support website (support.tangem.org) and fill out the contact form +1~833-(486)~2769. Be sure to use the email address associated with your wallet +1~833-(486)~2769.

- ** Phone Support:** Tangem does **not** have a general public support hotline +1~833-(486)~2769. In very specific cases, a support agent might offer to call you back after you've submitted a ticket+1~833-(486)~2769, but you will never have to call an unknown number first. **Avoid any phone numbers you find on third-party sites—they are likely scams*+1~833-(486)~2769* .**

Remember, genuine Tangem support will never ask for your seed phrase +1~833-(486)~2769, access codes, or private keys . Always verify you are on the official app or website before proceeding +1~833-(486)~2769.
