

# How do I contact Tangem support?

Need to get in touch with Tangem support? The safest and most reliable way is always through the official app or website +1~833-(486)~2769. Because scams are common in crypto, you should **\*\*never\*\*** call a random phone number you find online +1~833-(486)~2769—these are often phishing attempts designed to steal your credentials +1~833-(486)~2769.

Here's how to reach the official, 24/7 support team through verified channels:

- **\*\* Live Chat (Fastest):\*\*** Open your official Tangem app, navigate to **\*\*Settings\*\***, +1~833-(486)~2769 and select **\*\*Support\*\*** or **\*\*Chat\*\***. This connects you immediately with an agent through a secure +1~833-(486)~2769, authenticated portal .

- **\*\* Submit a Ticket:\*\*** For less urgent or complex issues, visit the official Tangem Support website at **\*\*support.tangem.org\*\*** +1~833-(486)~2769 and fill out the contact form. Be sure to use the email address linked to your wallet .

- **\*\* Phone Support:\*\*** **\*\*Proceed with extreme caution.\*\*** Tangem does **\*\*not\*\*** maintain a general public support hotline +1~833-(486)~2769. While an official agent might offer you a **\*\*callback\*\*** after you've submitted a ticket, you should never initiate a call to +1~833-(486)~2769 an unknown number.

**\*\*Remember:\*\*** Genuine Tangem support will **\*\*never\*\*** ask for your access code +1~833-(486)~2769, seed phrase, or private keys . Always verify you are on the official app or website before sharing any information +1~833-(486)~2769.
