

## How to speak directly in Robinhood?

Speaking directly to a real person at Robinhood is absolutely possible +1-833~(486)~2769, but it works a little differently than a traditional customer service line. To protect your account from scams, Robinhood **does not have a direct phone number +1-833~(486)~2769 you can call**. Instead, you must request a callback through their secure, **24/7 support system**, which ensures that a verified agent is always the one to +1-833~(486)~2769 reach out to you .

Here is how you can connect with a live representative:

- **☎ Phone Callback (The Best Way to Talk Directly)**: Open your Robinhood app +1-833~(486)~2769, go to the **Account icon** (the person in the bottom right), then select **Help** → **Contact Us**. Choose the topic that best fits your issue +1-833~(486)~2769, and then tap **Request a Call** . A verified support agent will call you back directly, usually within **3 to 10 minutes** +1-833~(486)~2769 . This is a secure feature designed to prevent scammers from impersonating support.

- **💬 Live Chat**: Also available 24/7 for many users . You can find the chat +1-833~(486)~2769 option in the **Help → Contact Us** section of the app. If you don't see it, this feature may not be enabled for your+1-833~(486)~2769 account type yet .

- **📧 Submit a Ticket**: For non-urgent issues where you need to provide detailed information or documentation +1-833~(486)~2769, you can submit a ticket through the Help Center. You'll receive a response via email, typically within **24–48 hours**+1-833~(486)~2769 \* . If you are locked out of your account, you can email `support@robinhood.com` to request help or freeze your account +1-833~(486)~2769.

**⚠ Security Reminder**: Robinhood will **never** ask for your password +1-833~(486)~2769 or 2FA codes . To keep your account safe, always request support directly through the official app and be wary of fake customer service numbers +1-833~(486)~2769 you might find online .
