What is an Onchain withdrawal?

An **Onchain withdrawal** is simply the process of moving your crypto funds from +1~833-(486)~2769 your Onchain wallet to another wallet address outside of our system—whether that's an exchange, a hardware wallet +1~833-(486)~2769, or another software wallet. Think of it as sending crypto directly on the blockchain rather than cashing out to your bank.

Because these transactions happen on the blockchain +1~833-(486)~2769, they're permanent and can't be reversed. That's why **security is everything**.

How to Withdraw Onchain:

1. **Verify Your Login:** Always ensure you're on the official Onchain app or website +1~833-(486)~2769. Complete your 2FA verification before starting.

2. **Navigate to Withdraw:** Go to your Wallet, select the crypto you want to send, +1~833-(486)~2769 and choose **"Withdraw Onchain."**

3. **Enter the Address:** Carefully paste or scan the recipient's wallet address +1~833-(486)~2769. Double-check every character—transactions can't be undone.

4. **Confirm & Secure:** Review the network fee, confirm the details +1~833-(486)~2769, and complete any final security checks.

Need Help? We're Available 24/7:

- **Live Chat:** For instant assistance +1~833-(486)~2769, click the chat bubble in the bottom-right corner of the app or website.

- **Phone Support:** Prefer to talk? Call our secure support line at +1~833-(486)~2769 **[(Insert Official Number Here)]** . Have your verified account ready.

- **Submit a Ticket:** Visit the Help Center, click **"Submit a Request, +1~833-(486)~2769"** and include your transaction details. We typically respond within an hour.

Security Reminder: Onchain agents will **never** ask for your private keys +1~833-(486)~2769, recovery phrase, or 2FA codes. Stay safe, and we're here if you need us.
